

El Camino SIR Branch 16

CHANTICLEER Newsletter

Next Meeting: Tuesday April 4th, at noon, Poplar Creek Restaurant

BEC meets at 11:00 am

Invocation: Tom Rich

Speaker: Jessa Carmack

Miss California 2016

Back by popular demand for an encore presentation. (Editor's note; I think Glenn has favorites.)

BIG SIR MESSAGE:

Well it's April – no fooling woops pun intended. Well some of the board members (big/little sirs) attended Sirs training classes last month and

we found it quite comprehensive and well organized. Intension was to help us understand what our individual position requirements were and how to achieve them. Items covered besides covering the basic rules of Sirs was how to attract new club members. One method was to have what they call "business cards" for members to give out to potential club members. Card would have brief description of Sirs – fun things we do and contact info. We already have some and will review them. One thought proposed was that some of us men would give some to their wives to give to other wives for their husbands to review and attract into Sirs. We will investigate farther. We need to have a good invitation process. That's my report as Big Sir I now switch hats and put on my webmaster hat – I know some of you have not seen it but I do wear it quite a bit. I coded the current webpage and set up the club host name and host setting. My fee is zero – just for the pleasure - but the total cost to club annually is 135 dollars for host site and host name. I recently found that state level Sirs will host and provide the host name free – no cost to us at all. We still manage the website as we wish - still by me, the only change would be in order to eliminate all costs we needed to change the host name as well. The board them voted that we proceed in the transition to state hosting and name change. I have done that. If you URL to sir16.org you will see that we moved to the new hosting site and there is a link to get there. You will see that looks exactly as before no change. The new URL is
